

Our school vision is to embrace the spiritual, physical, intellectual, emotional and social development of all.
We strive for educational excellence by supporting and developing the following values:

Wisdom

Hope

Community

Dignity

Love

Behaviour for Learning at Swimbridge School

At Swimbridge School, we focus on our values – wisdom, hope, community, dignity and love, linking these to key learning behaviours, with the firm belief that a positive attitude to learning can make a huge difference to the progress of each child. When children have hope and aspire to do something well, they have the correct attitude to a learning activity and therefore grow in knowledge, wisdom and self-belief.

The children are encouraged to understand their thinking and to develop a growth mindset – never saying, 'I can't do this'... but always saying, 'I can't do this **YET**' and we embed the importance of having the right attitude and focus on developing our learning behaviours in all that we do to ensure cohesion throughout the school.

In every class, at the beginning of each week, the children spend valuable curriculum time focussing on their personal learning goals. At the end of each week, they then have a dedicated session to evaluate and reflect on their progress. Throughout the school, the children are given age appropriate Learning Behaviour Targets (linked to our school values) to work on.

Below is a chart showing the key learning behaviours and targets associated with them.
