Weekly Science Tasks

This half term we are continuing to look at all living things and their habitats.

This week we are going to work scientifically and investigate: How do you clone a potato?

If you want to take part in the investigation then you will need: a sprouting potato, toothpicks (or something similar), a glass

Friday 29th January- National Marine Aquarium, Plymouth- Live link sessions- '[Nautical Navigation](#)' session. (1pm-1.20pm)

Spotlight on:

This term we are learning about the Mayans and the landscape and culture of Central/South America.

Geography: [Lesson 3](#)- What is the Geography of Chile? Explore the human/physical features of Chile and identify the natural resources of Chile. Complete or draw your own factsheet about Chile.

PSHE- We are learning about 'Eat Well, Live Well'- [Lesson 3](#)- Time to get active- Share your fitness timetable with us!

Music- [Lesson 2](#)- To understand the difference between on/off beats. Upload a video of your clapping activity ☺

Computing- 'Web Page Creation Unit'- [Lesson 3](#)- copyright or copyWRONG?. Learn to find and save photos from your web page plan. Explore the scenarios, learning about copyright laws.

DT- Have a go at making some Mayan Hot Chocolate (with supervision, see class dojo for the recipe).

Art- Explore the Mayan Hieroglyphics and create a picture of your favourite symbols. (See class dojo for the instructions)

Remember to take time this week to be active, walking, cycling or playing outside!
