*Working in our school to help  
Inspire, Enable and Educate for 'Life in all its Fullness'.*

**Wisdom, Knowledge and Skills** - We share ideas to help make our learning fun and interesting and to introduce more clubs and activities.

**Hope and Aspiration** - We all have a 'can do' attitude and we believe that we are making a difference in our school and in the wider world.

**Community and Living Well Together** - We work with the teachers, PTFA and governors and think of charity work as a big part of our role.

**Dignity and Respect** - We take our responsibility seriously, listening and putting everyone's views forward, showing respect for other people's thoughts and feelings.

**Love** - We work hard to keep a loving school environment, where everyone feels valued and supported and has the opportunity to achieve their true potential.
