

## Transition Week

### Week Beginning – 13.07.20

#### KS1 and 2 – Discoverers Class -Years 1, 2 and 3

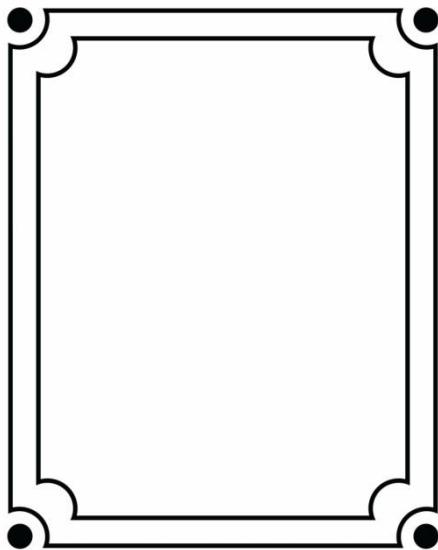

**This week's learning project focuses on supporting your child with transitioning to their new class. It will give them the opportunity to reflect on their time in their current class, discuss their favourite memories and achievements whilst also considering their hopes and dreams for the next academic year.**

	<p><b>'Memory' Monday-</b> Starting a new academic year is a time for your child to say farewell to current teachers and classmates, and hello to some new faces. It is important for your child to cherish their favourite memories. Ask your child to <b>create a drawing or art piece of their special memory and frame it in a hand-made photo frame</b>. They may choose to draw a favourite lesson, a funny moment with friends, a school trip, their favourite teacher or a job role they were proud of. They may choose to decorate the photo frame provided or to craft their own using card. <a href="#">Click here for photo frame ideas.</a></p>
	<p><b>'Achievements' Tuesday-</b> Every child is unique and special. Over the course of the last year, your child will have achieved so much. Whether that's learning their times tables, swimming without using floats or having the confidence to put their hand up in class and offer an answer. Remind your child that an achievement is something that has been accomplished through great effort, skill, perseverance or courage - then ask them to <b>mind map all of their achievements this year, both in school and outside of school</b>. Look at the mind map together and ask your child to <b>identify their greatest achievement? Encourage your child to write about this special achievement</b>. How did they accomplish this? What barriers did they face? Who helped them? They could record this as a story featuring themselves as the main character, a newspaper report or even write a rap! <a href="#">Support with writing a newspaper.</a></p>
	<p><b>'Moving On' Wednesday-</b> Ending the academic year can be a time that is full of mixed emotions for many children. However, whilst many aspects of school life change, many remain the same too. Spend some time with your child discussing all of the similarities and differences between their current class and the new class that they will be going into. Can your child <b>create a poster that illustrates top tips for making friends and showing kindness?</b> They could speak to family members or their own friends to gather some ideas first. <a href="#">Use this clip as inspiration.</a></p>
	<p><b>'Individual Qualities' Thursday-</b> Art can be a great tool for self-exploration and self-expression. Encourage your child to <b>create a piece of artwork which represents their personality and highlights their individual qualities</b>. This could be a picture or something more abstract using materials available at home. Your child may find listening to their favourite music encourages their own expression. Once completed, ask your child to discuss their artwork with you. What did they want to represent in this piece? How did they try to show off their personality through their artwork?</p>
	<p><b>'Goal Setting' Friday-</b> Setting goals is an excellent way for your child to try and achieve things that they might not think possible. Goal setting will also help your child to improve their confidence and self-esteem when they see that they can achieve the target they've set. <b>Create a 'Goal Setting Wheel' together</b> (see below). Use the headings: Learning, Friendships, Physical Challenge, Wellbeing and Family. Under each heading, ask your child to write a goal thinking carefully about how long it will take to achieve each goal, who or what can help them and any difficulties they may have to overcome.</p>

Here are some ideas about how your child could set out their learning:

### 'Memory' Monday

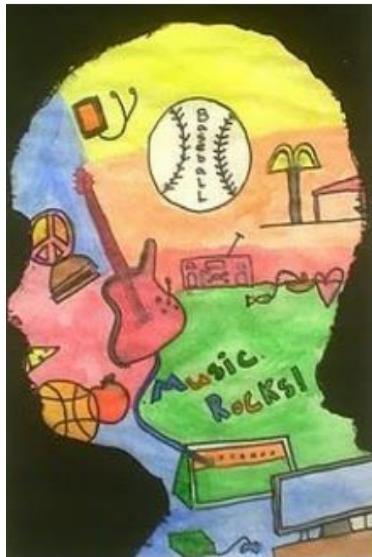

### 'Achievements' Tuesday

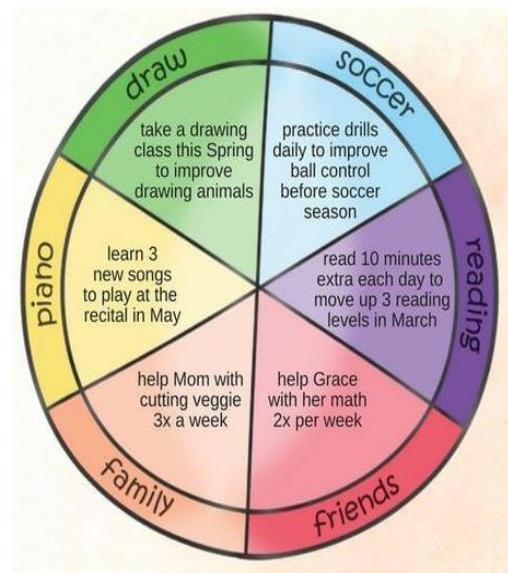

### 'Moving on' Wednesday

#### 'Individual Qualities'

### Thursday

### 'Goal Setting' Friday

**Welcome to Transition Week!** We would like to encourage you to have a go at the activities recommended this week and tune into the daily videos, which will help you 'get to know' your teacher a little ready for September. You are welcome to also continue with the maths teaching from [White Rose](#) using the videos and activity sheets if you would like. If you need any support or help this week, feel free to get in touch on Class Dojo. Wishing you another fantastic week!

**Take care, stay safe and have fun.**

**Miss Long**
